19th ANNUAL BULL & HEIFER SALE

Saturday March 11, 2023

Sale will be held on the farm at Shiningbank Lake, AB
Farm Gate Timed Auction through DLMS

swantewittsimmentals.ca

Swantewitt & Sage Simmentals 19th Annual Bull and Heifer Sale

Offering 61 yearlings, 14 two year olds, and 31 registered replacement heifers.
Farm Gate Timed Auction Sale.

Bidding opens AT 8:00 AM March 10, 2023 and closes at 6:00 PM on March 11, 2023

Welcome to our 19th Annual Sale. It's been a fantastic year with good crops and improving cattle prices. We have had a few more additions to the family. We welcomed our second baby boy, Jake William Laird, in July and Rowen is loving being a big brother. Also Justine and Mat had a baby boy, Tate Mathew Knull, on January 19, 2023 whom Frankie and Wren are enjoying very much. Darian and Austin have their two girls, Eiza and Elsie, down in Arrowwood and Darian is enjoying adding a few Highland cattle to her Simmental herd.

This year we have a selection of calving ease bulls from our Gilbert and Director's Cut series as well as some polled and traditional horned fleckvieh bulls sired by our homozygous polled Keet's Furtive herd sire. There are a couple of neat AI calves on offer and we have new genetics coming from our Wolfe Fitzroy bull who is proving to be a calving ease sire as well as to have all that thick muscle. We've also added Wolfes Hank to our herd and he has given us a good handful of wicked power bulls!

In our purebred program there are a good variety of homozygous polled red and black sons. A few calving ease sons from our 90 Proof heifer bull as well as power and growth bulls from Everest. We also have many of the LFE RS Lewis sons available and find that he calves great on cows without giving up any muscle. Our homegrown Gibraltar bull sired by the LFE Amber Jack bull has a few bulls in the sale and he also calves fantastic and produces many dark red calves. Major League is the new addition to our red program and although we only have one bull from him this year, he has quite a few heifers on offer. We strive to produce bulls to fit a variety of programs and all are semen tested and guaranteed.

Our replacement heifer calves are heifers that represent our herd and breeding program as a whole. All the calves at the sale are vaccinated as newborn calves with Nasalgen, an intranasal vaccine, and then boosted in spring with Pyramid + prespense and Vision 8 with somnus. They are boosted again in fall with Prespense HM, Express 5, Vision 8 with somnugen, and dewormed with Bovimectin and Clean Up II. We select our sale calves from our herd of 350 registered cows focusing on soundness, temperament, udder structure, and longevity as well as calving ease. To us it's more important to have an unassisted calf than an assisted one with a low birthweight. No one has the time to be pulling calves in this busy day and age. Every one of our calves is weighed on a digital scale within 24 hours of birth.

We will once again be having a Farm Gate Timed Auction sale this year. The bulls will be available to view on farm at any time and will be in pens for the buyers convenience starting Wednesday, March 8th. Feel free to stop by whenever or check out the bulls online. Snacks and coffee will be provided daily! Videos will be posted of each bull on our website at www.swantewittsimmentals.ca. The sale will be hosted by DLMS.

Gerd Bremmekamp, Jordan & Randy Laird | swantewitt@gmail.com

Gerd's Cell: 780-712-2096 | Jordan's Cell: 780-712-3600 | Tony Wolfe's Cell: 780-524-9322

WEAN DATES: All bull weaning weights (WWT) were adjusted to September 20, 2022 unless otherwise stated. All heifer weaning weights were taken October 5, 2022 unless otherwise stated. YWT means Yearling weight. Full Fleckvieh is 5 generations or more of Fleckvieh Breeding.

SEMEN TESTING: All bulls selling at this sale over the age of 12 months will be semen tested by a certified veterinarian.

REGISTRATION NOTE:

All cattle will be registered as of sale day.

Genetic Testing: Not all bulls have been tested for Dilution genotype. Ones tested have results in foot notes.

Insurance: CFI Insurance,
Monica Czech 780-318-3636

S: FGAF GUERRERO 810Y D: SWANTEWITT DJB ZANETT 92Z
NOSSATERRA REAL WISH 69U SWANTEWITT PRISKA 110P

Horned, Full Fleckvieh: Gilbert is Darian's bull and we used him as a heifer bull for a couple of years before she took him down south with her. He is sired by the very successful Guerrero AI bull who has been quite popular in the simmental breed recently for his calving ease. What we really love about him is the growth that we get out of these first calvers. His calves just have so much muscle and thickness to them.

SWANTEWITT JDB NECTAR 57E
SWANTEWITT NECTARINE 58N

Polled Full Fleckvieh Non Dilutor:

Kiwi is Jordan's bull and he has a great temperament. He's that dark red color with lots of depth and a loose hide. A fantastic bull coming from a first calver with lots of thickness and growth. He was a c section due to a twisted uterus and so his calving ease scores are terrible. However I would recommend this guy as a calving ease bull, the surgery was no fault of his.

JSJ 149K

8 SWANTEWITT *Kabana* 149K

Black Gold Elevation, Sire

Full Fleckvieh, Non Dilutor: Gerd and Jordan's bull. This Elevation son is the typical red, goggle eyed bull with nice muscling but not too large of frame size. His dam is a very well put together female who has done great in our herd and has a nice udder with good feet. We purchased the DT Eily cow through the Lone Stone Sale quite a few years ago and we have been quite happy with the Flamingo 19F cow. We bred her the same way this year and are looking forward to seeing how her bull calf turns out this fall.

 SWANTEWITT PATCH 11F

*Yahari 9Y*

Full Fleckvieh: Kary is the direct son of the Yahari 9Y cow described in the previous bull. He reinforces the consistency talked about in this cow family. Don't let his birthweight deter you. His dam had twin bull calves last year that both sold in our sale and we find the year after they twin the birthweight on the single calf tends to be a bit higher. Check out his EPDs and you will see he still has good calving ease coming from an old mature cow. She never built large calves at birth and never gave us any issues calving. Even the twins she had unassisted. It was a sad day when she left the farm but we have many of her offspring in our herd.

 SWANTEWITT HONEY 5U

D: SWANTEWITT CALGARY 172C
 BIGFOOT BLANCHETTE
 SWANTEWITT WINNIPEG 48W
 SWANTEWITT REGINA 16R

Full Fleckvieh: Here's a bull going back to some older traditional genetics with Bigfoot Banchette in the background. He's multiple generations of our own breeding and you have to appreciate the wonderful udder and feet on this cow as well as her thickness and length of body. She moves out very well and produces quite consistently for us. We look forward to calving her out as she is trouble free with a good disposition.

JSJ 173K

21 SWANTEWITT *Kite* 173K

JSJ 173K | 141248 | BWT: 92 LBS | WWT: 790 LBS | DOB: JAN 28/22

D: SWANTEWITT ASPEN 49A
 MFL EDDY 13E
 SWANTEWITT LEXUS 71L
 SWANTEWITT JET GIRL 22J

Aspen 49A

Full Fleckvieh: We really love the dam of Kirk for her depth of body and growth that she puts into her calves. His maternal brother sold in our sale last year as one of the high sellers. Aspen 49A is getting up there in years but still going strong with great feet and a good udder. There's Carlsberg in the pedigree for thickness and Fitzroy adds the calving ease as well as more muscle.

JSJ 248K

23 SWANTEWITT *Kevin* 248K

JSJ 248K | 1412488 | BWT: 96 LBS | WWT: 850 LBS | DOB: FEB 6/22

CFFS Open Range 860Y

Polled, Full Fleckvieh: Here is a more moderate framed two year old. He has all the thickness and muscle of the Carlsberg dam and Open Range. He is a very neat combination and we are looking forward to seeing how he does.

S: TNT 90 PROOF Z401 D: SWANTEWITT YETAL 210Y
 TNT MISS S17 SWANTEWITT VIVA 150U

Homozygous Polled, Purebred: We bred this bull specifically for calving ease. His grand sire, the Lewis bull, was a bull we purchased from Lewis Farms and used on heifers with great success for quite a few years. Combined with the proven calving ease of the TNT 90 Proof bull, the calving ease on our 90 Proof is 13.8! We've used him for 2 straight years on approximately 40 heifers each year with good success.

SWANTEWITT 90 PROOF 31F

 SWANTEWITT PARI 86P

Homozygous Polled Purebred:

Here's a bull who is 6 generations of our own breeding and dark red. Out of a solid red cow and going back to a few of our SKOR bulls who were very powerful and performance bulls. He has a good disposition.

JSJ 193K

65 SWANTEWITT *Korona* 193K

JSJ 193K | 1415587 | BWT: 99 LBS | WWT: 870 LBS | DOB: JAN 30/22
 EPD's: CE: 5.4 BW: 4.5 WW: 75.8 M: 28.3 MCE: 0.6 MWWT: 66.2

 SWANTEWITT SKYLITE 21S

D: SWANTEWITT ZABANA 24Z

NLC GOOD A NUFF 33C
 SWANTEWITT PARIS 23P
 SWANTEWITT MONA 18M

Homozygous Polled, Heterozygous Black Purebred, Non Dilutor: Korona is a bull who just catches your eye when you walk through the bull pen. The blaze on the black color as well as the heavy muscling really shows him off. His dam was a super deep, solid red cow with a white spot on her forehead and a great milker.

SAGE 204K

D: ERIXON LADY 137Z

LCHMN BODYBUILDER 7303F
 ERIXON LADY 12R
 ERIXON LADY 48M

Erixon Lady 137Z

Polled Purebred, Non Dilutor: King is out of Jordan and Darian's cow they bought from Erixon Simmentals way back when Jordan was still in vet school. The old girl is still producing in the herd and this guy is going towards some RESP funds for their children! She's been a great cow who has held up very well and has put a few bulls through the sale for them in the past.

Purebred Yearlings

ANCHOR D STING 184W
SWANTEWITT JKB CROCUS 269C
SWANTEWITT YAHTZEE 178Y

Homozygous Polled Purebred: Jigsaw is Jordan's bull. She held him back last year due to a bad case of ringworm and he'd lost a fair amount of his hair when it was time to picture him. He made a 100% recovery and is being offered as a two year old this year. This guy has good calving ease and a very nice temperament. His dam is a nice young cow working hard and trouble free. Great udder, great feet and a good disposition.

We have been very pleased with our fullblood and purebred female program and we are very happy to be able to offer these females in our sale. Every year we struggle to choose which heifers will be retained in our herd and which we will part with since we love them all so much. We try to choose ones that represent the herdsires we are currently using. We select the heifers for our own herd at the same time as the ones for our heifer sales and aim to provide our buyers with a great representation of the kind of females we like to build our herd around. This year we have quite a few purebred heifers to offer as our cow herd was very heavy on the girls when they calved. We guarantee all of our heifers to breed to natural sires.

Table of Contents

Fullblood Yearlings	1 - 12
Fullblood 2 Year Olds	13 - 14
Purebred Yearlings	15 - 22
Purebred 2 Year Olds	22 - 24
Fullblood Heifers	24 - 25
Purebred Heifers	26 - 28

How to Participate in the DLMS Farm Gate Timed Auction with Extended Bidding:

1. Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the Farm Gate Timed Auction Sale page.

2. At the Farm Gate Timed auction site - farmgatetimeductions.ca, click the LOGIN/REGISTRATION button.

First time Farm Gate users:

- First time users will select the REGISTER button. Fill out the registration form for a free user account. Select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the Farm Gate Timed Auction Site requires a new account separate from your DLMS Live sale site)

- After you create your Farm Gate account you will receive a txt message with a pin code to verify your account.

- On your first login to Farm Gate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning Farm Gate users:

- If you have used Farm Gate Timed auctions in the past simply enter your username and password to continue.

3. How to Bid

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in. There are 2 options for bidding on the lot.

- Place Next Bid

- Max Bid Amount – The Max Bid amount is completely confidential from the seller during the sale process. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

4. Watch List Feature

If you have items in multiple auctions or a few from the same auction that you want to watch with out having to scroll through the entire list, you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” Icon that item is added to your personal watchlist for easy viewing.

5. Sale Ending / Closeout

Most Farm Gate Timed Auction sales close racehorse style with extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding. Extended bidding allows bidders to compete in lots like a real auction and gives all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale.

6. Bidding Close & Follow-up

After the clock has gone to “ENDED” the computer will declare the sale finished. Typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

For more info and assistance with bidding contact; DLMS Farm Gate Timed Auctions ~ Mark Shologan Ph: 780-699-5082

TERMS & CONDITIONS

Funds at par immediately following the sale. The right of ownership shall not pass until after settlement is made. All settlements must be made before any livestock will be released. **ABSENTEE BIDS:** Mailed or telephone bids shall be handled in the most confidential manner, if you are unable to attend the sale in person. **PURCHASER RISK:** Each animal becomes the risk of the purchaser as soon as it is declared sold. **ANNOUNCEMENTS:** Any announcements made on the online DLMS Farm Gate Timed Auctions homepage during the sale take precedence over the printed matter in our catalogue. **CERTIFICATES:** Certificates of registry and transfer on each bull shall be provided by the seller to the buyer without charge after settlement has been made. **FLECKVIEH STATUS:** Full Fleckvieh fullblood will have a minimum of 5 generations or more in their pedigree. It is recommended if further research is required to contact the Canadian Simmental Association and no assumption of fleckvieh heritage will be guaranteed by the consignor or CSA. **BREEDING GUARANTEE:** The seller warrants clear title to and the right to sell each bull offered for sale. All bulls offered for sale are warranted to be sound; however, the seller is not responsible for damage caused by foreign objects after the bull has been sold, nor sickness that was not apparent at the time of sale. In the event of a dispute, the sellers are responsible only to the extent of the purchase price of the said animal. We assume no liability, legal or otherwise, to make any further compensation to the buyers. **BREEDERS GUARANTEE:** Standard terms set forth by the Canadian Simmental Association, with the exception where any animal is subject to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. **FERTILITY AND HEALTH:** All bulls and heifers have been under a full herd health program under the guidance of Edson Veterinary Clinic. All bulls have passed a Breeding Soundness Exam prior to the sale. **ACCIDENTS:** Although every precaution will be taken to protect the safety and comfort of our buyers, neither sales management, auctioneer, or consignors assume any responsibility in this matter and disclaims any liability, legal, or otherwise, in the event of accident or loss of property. **DELIVERY OPTIONS:** Bulls will be delivered free of charge within 200 km of the farm as soon as possible after the sale at the sellers convenience. Over 200 km will require part way meeting locations or a cost. Bulls can be kept at the sellers farm at no charge until April 1, 2023. A charge of \$6.00 per day will apply after that Heifers should be taken/delivered on or soon after sale day. It is recommended that the 2 year old bulls are taken/delivered in a timely manner, due to the difficulty in managing these mature bulls. **RIGHTS AND OBLIGATIONS:** The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of livestock following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected there to are not covered by the terms and conditions of this sale.

G BREMMEKAMP
Swantewitt Simmentals
56403 Range Road 145
Yellowhead County, AB
T7E 3R4
780-693-2124

Directions to Swantewitt & Sage Simmentals:

The farm is located halfway between Edson and Whitecourt on Highway 32. Turn west off the pavement at the blue Shiningbank Lake Park government sign (TWP 562). Follow this around to the west side of lake, staying to the left when the road splits off to the campground. At the T intersection turn north on Range Road 145A and then east 1 mile down the road on TWP 564. Our sign is in the field. Follow it all the way up into the farm.

Thank You to our 2022 Buyers
