**Lunch at 12:00 p.m. Sale at 1:00 p.m.**  
**At the Agricultural Barn in Mayerthorpe, Alberta**

## Welcome to our 10th Annual Sale

Welcome to our 10th Annual Sale. We wish to thank all of our customers for their past support and hope you have been pleased with the cattle you have purchased from our program. Our sale has a very strong showing of repeat buyers and that is very encouraging for us!

Again, we have a great set of diverse bulls and replacement heifers for sale this year. We have a strong set of Fullbloods, many Polled and Full Flecks, Red Purebreds, and a few Blacks as well. The Purebreds are all polled. All of the bulls have low to moderate birth weights, have been halter broke, semen tested and are guaranteed. The older age bulls are calves that were born after our cut-off date or in the fall, and kept specifically to be in the sale as such. Our bulls and replacement heifers are carefully selected from our herd of 350 registered cows, with the focus being on healthy udders, solid feet, performance and good disposition.

Our family was very pleased to be honored with the ATB Farm Family Award this year and we thank all of our friends and neighbors for their support. We believe in our cattle and our program and hope you can come out and find something that adds to your herd as well.

Swantewitt Ranch is located on the west side of Shiningbank Lake, between Edson and Whitecourt Alberta. Call us anytime or drop by for a coffee to view our herd and see some beautiful Alberta country.

Remington Red Label HR  
**D: RRS Desi 202T**  
 LFE Lucy 174P

Lewis is a bull that we purchased off of Lewis Farms in their 2010 Bull Sale. He is an outcross to our herd on the sire's side and consistently produces well coloured, deep bodied, good size testicled, smooth bodied, even calves from front to back with low birth weights. The last two years we have used him on our purebred heifers with great success. Last year we decided to breed a small group of our older, bigger framed, high production cows to him as well and we have been extremely pleased with the outcome. His sire, KS Bravado, is a calving ease bull known for producing broody, good uddered, sound daughters.

Parkhill Charlie 030G Swantewitt Cruiser 42M  
 Templehall Ranger 11R Swantewitt Pari 86P  
 Templehall Skye 2G Swantewitt 69K

Don't let the birthweight on this guy scare you, his dam, Jordan's old 4-H cow Tango, weighed in at almost 1900 lbs this fall. Ace is a real king, lots of growth, size, liver red, deep bodied and broody. A great mix of a big, high production cow, and our easy calving heifer bull.

## LOT #2 SWANTEWITT AFRICA 24A

Purebred, Polled

**DOB: Jan.18 BWT: 103 lbs WW: 875 lbs**

X Rock is a homozygous polled bull we selected to keep for our own use and is a great herd bull. He has some different genetics for our farm on the dams side, with Big Sky and Magoo in her background. The dam has always produced beautiful calves, and X Rock always stood out to us. His sire, Skors Prime Cut was a real powerhouse, thick, smooth, with lots of growth and produced some great daughters that we have in our herd. We kept a number of heifers out of X Rock that will be calving this season and we were so pleased with his calves that we'll be expecting his third calf crop in 2014.

Wheatland Lady 902J

Swantewitt May 6M

Teddy is a big, thick, growthy, soggy, homozygous polled, large testicled, solid red bull out of an 1800 lb, superb cow. Wheatland Red Teddy is a Simmental sire that is known for great calving ease and has been siring male and female progeny that are in high demand with sons consistently topping bull sales and daughters in many leading herds. These popular genetics crossed with a half fleckvieh, liver red, second generation red cow offer up the opportunity for some excellent outcross genetics. Teddy's offspring are great coloured, spry calves, often with low birthweights. There are some excellent bulls on offering here!

PRL Porterhouse Regent	Holmen Hambo 102J
Cambar Regent Rage 45K	Swantewitt Miss T&M 39N
Richmond Miss Baltimore 6H	Swantewitt Lightning 46J

This is a real powerhouse of a bull, one of Darian's favorites. He's got a bit of a higher birthweight, but the dam had a beautiful set of twins the year before and we find the birthweights of the calves the year afterwards are always higher. Avenger is super thick, very deep and heavily muscled out of a bigger cow, almost 1900 lbs, exhibiting those very same qualities.

## LOT# 13 SWANTEWITT BLACK ASH 118A

*Purebred, Scurred*

**DOB: Jan. 31    BWT: 90 lbs    WW: 865 lbs**

KLC Blk Mac Maker 21N	Swantewitt Silhouette 77S
GW Miss Wally 576E	Swantewitt Ping 112P

Darian nicknamed this big guy 'Black Beauty', and that's exactly what he is. He's solid black, thick, deep, smooth bodied and a real eye catcher with a low birthweight to boot. Violet 174U who goes back to Jordan's 4-H cow Silhouette, is a good sized, deep, smooth, solid black cow out of our old heifer bull Blk Mac Maker 21N. She's one of those easy keeping, easy fleshing, friendly cows we all love to have in our herds.

## LOT# 14 SWANTEWITT AMERICAN 151A

Now here is a power bull of a herd bull. Windsor is sired by TNT Gunner, an AI bull we used for 3 years. Gunner is known to sire highly productive daughters and the calves we had off of him have had astounding vigor. Following in his father's footsteps, the Windsor calves also have great vigor at birth, are extremely well pigmented, dark liver red in colour and are really stylish in their make-up. Windsor is a thick, deep bodied, heavily muscled bull with great testicles, sound, well placed feet. On the dam's side, Windsor goes back to our oldest Antonius cow family.

SWANTEWITT WINDSOR 9W

## LOT# 16 SWANTEWITT ADRENALINE 1A

Carlsberg is an older bull that we bought out of Manitoba because he's a true muscle bull that makes calves with loads of natural thickness and performance. He's a Shawacres Jahari son, known for consistent calves with cherry red colouring, depth and thickness. His dam is the K2 Andrea cow, we owned K2 Anzac, her first bull calf, and loved the meat and muscle he added to his calves. Carlsberg is her last bull calf and he makes calves with great pigmentation, long spines, excellent temperaments and loads of heavy muscling.

Another of Darian's favorites, now here is a loaded pedigree. Carlsberg crossed with a direct daughter of Antonius, one of the greatest Simmental bulls of our time. Honey 5U was Darian's 4-H cow and comes from a line of heavy milking, thick, quiet cows. We retained her 2010 bull for our own use. Antonio has size, growth, thickness, the best temperament in the bull pen, and the pedigree to back him up!

Andrew is one of the younger bulls in the sale and weaned off right up there with everyone else, that signature Carlsberg thickness. Unice 194U has been a great producing cow with her first two daughters kept in our herd and last year a bull through the sale. The granddam, Music 49M is still in our herd and the line has great feet, and lasting udders.

Barcelona was one of the high selling bulls out of Virginia Ranches Champs Romano sons that sold in 2011. He's the natural calf out of their flush cow Barbie 46K, and we share him with Wolfe Farms out of Valleyview. We used him our first year on mature cows and were highly impressed with his easy calving and low birthweights. Last year we used him as our fullblood heifer bull and had great success! He produces low birth weight, sound structured, growthy calves! He has nice large testicles, great colour and a superb disposition, something we select for in our cattle.

Sting is a bull that we purchased off of Anchor D Ranch in conjunction with Wolfe Farms. This is a combination of very old fleckvieh lines on the dam's side with newer genetics and the polled factor coming in on the sire's side. Sting has been a breeding machine for us, breeding between 30 and 60 cows a year for the last 4 years. An interesting combination that has served to produce an ultimate bull. Sting adds great pigmentation, growth and testicle development to his calves. Here's a prime opportunity to get some polled fullblood bulls.

## Terms & Conditions

Funds at par immediately following the sale. The right of ownership shall not pass until after settlement is made. All settlements must be made before any livestock will be released.

**ABSENTEE BIDS:** Mailed or telephone bids shall be handled in the most confidential manner, if you are unable to attend the sale in person.

**PURCHASERS RISK:** Each animal becomes the risk of the purchaser as soon as it is declared sold.

**ANNOUNCEMENTS:** Any announcement made from the auction block takes precedence over the printed matter in our catalogue Certificates: of registry and transfer on each bull shall be provided by the seller to the buyer without charge after settlement has been made.

**BREEDING GUARANTEE:** The seller warrants clear title to and the right to sell each bull offered for sale. All bulls offered for sale are warranted to be sound, however; the seller is not responsible for damage caused by foreign objects after the bull has been sold nor sickness that was not apparent at the time of sale. In the event of a dispute, the sellers are responsible only to the extent of the purchase price of the said animal. We assume no

liability, legal or otherwise, to make any further compensation to the buyers.

**BREEDERS GUARANTEE:** We the sellers have done everything possible to assure you, the buyer, that every bull in this sale will be a breeder. However, should a problem arise, please inform the seller so the problem can be solved. The purchaser shall have six months from the date the bull reaches fourteen months of age to report in writing to the seller that the bull is a non-breeder, providing of course, that the bull has been maintained in satisfactory breeding condition.

Each consignor will have six months to prove the bull a breeder after the time of report. In the event a bull is a non-breeder the situation will be handled by either a replacement, credit or money back. In no case will an adjustment be made for more than the purchase price of that particular bull. No guarantee is given that semen collected from any bull in this sale will freeze or be suitable for artificial insemination. Any breeding guarantee is strictly between buyer and seller.

**ACCIDENTS:** Although every precaution will be taken to protect the safety and comfort of buyers, neither sales management,

auctioneer, or consignors assume any responsibility in this matter and disclaims any liability, legal, or otherwise, in the event of accident or loss of property.

**DELIVERY OPTIONS:**

**Option A:** \$50.00 off per lot if picked up upon sale day.

**Option B:** Bulls will be delivered free of charge within 200km of Mayerthorpe, as soon as possible after the sale, at the sellers convenience - Over 200km will be arranged at cost.

**Option C:** Bulls will be kept at the sellers farm at no charge until April 1. A charge of \$3.00 per day will apply after that. Bulls must be picked up by the purchaser, and all bulls returning to sellers farms must be insured.

**RIGHTS AND OBLIGATIONS:** The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of livestock following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected there to are not covered by the terms and conditions of this sale.
