12TH ANNUAL

BULL & HEIFER SALE

Saturday March 12, 2016 at 1:00 P.M.
At the Agricultural Barn in Mayerthorpe, Alberta

www.swantewittsimmentals.com
The Bremmekamp Family

Lunch at 12:00 Sale at 1:00 p.m.
At the Agricultural Barn in Mayerthorpe, Alberta

Welcome to our 12th Annual Sale

Welcome to our 12th Annual Sale! Thanks to all of our customers for their past support and we hope that you have been pleased with the cattle you have purchased from our program. We are proud of the strong showing of repeat buyers each year and love to hear from you.

Another successful year for the cattle industry and the Simmental breed is definitely the one to use for building those big, meaty calves that are in top demand. We believe our bulls and heifers that join your herds will be a positive contribution to that! We have many Fullbloods, both polled and horned and Purebreds both Red and Black, all polled. We have progeny from several new herd sires this year so take a look! All the bulls and heifers have been halter broke, the bulls are semen tested and guaranteed. The off-age bulls have been kept specifically for this sale based on a cut-off birthdate. We select our bulls and heifers from our herd of 350 registered cows and focus on sound feet, good udders, performance, longevity and temperament. Halter breaking helps us to make sure the bulls are willing to be handled and we find it's definitely worth the work involved. We do not creep feed our calves, they are weighed right off pasture and on feed after weaning only. All calves are vaccinated with Express 5, Presponse HM, and Covexin 8 and dewormed with Ivomec. As always, a big hug to our girls and crew for all their hard work in grooming, photos, organizing of this catalog and work at the sale. What would we do without them ?!! Swantewitt Ranch is located on the west side of Shiningbank Lake, between Edson and Whitecourt, Alberta. Call us anytime or drop by for a coffee to view our herd and see some beautiful Alberta country.

Gerd, Donelle, Justine, Jordan and Darian Bremmekamp, Swantewitt Simmentals
Email: swantewitt@gmail.com www.swantewittsimmentals.com

Sale Day Phone: 780-786-2257 • Gerd's Cell: 780-712-2096
Donelle's Cell: 780-712-3496 • Darian's Cell: 780-218-8866

WEAN DATES: All bull weaning weights (WW) were taken September 26, 2015 unless otherwise stated. All heifer weaning weights were taken October 10, 2015. YW means yearling weight. FBFF: Full Fleckvieh is 5 generations or more of Fleckvieh Breeding.

DELIVERY: Option A: Purchases can be taken home sale day and a \$50.00 discount will be taken off of purchase price.

Option B: Purchases will be delivered within 200 km of Mayerthorpe at no charge, points further than 200 km will be charged at cost.

Option C: Yearling Bulls can be cared for until April 1, 2016 free of charge, after April 1st there will be a charge of \$3.00/day. Heifers should be taken/delivered on or soon after sale day. It is recommended that the 2 year old bulls are taken/delivered in a timely manner due to the difficulty in managing these mature bulls after they return to the farm.

SEMEN TESTING: All bulls selling at this sale over the age of 12 months will be semen tested by a certified veterinarian.

PUREBREDS

LOT #1 SWANTEWITT CONQUERER 1C

S: CMS Skyline 311A

Conquerer is a bull that has stood out right from a calf. He's loaded with depth of rib, thickness from front to back, a good ol' Canadian hair coat and that dark liver red coloring we love to see in our purebreds. His dam is a beautiful red blaze faced cow, heavy milking with a tight udder and teats. The only CMS Skyline son on offering, Conquerer has solid, strong footed animals on either side of his pedigree and is sure to go out and impress! Three generations red, three generations polled.

We reserve the right to draw semen on this bull at our cost and the buyer's convenience for in-herd use only.

D: Swantewitt Ricky 204R
Swantewitt May 6M

Teddy is a big, thick, growthy, homozygous polled, large testicled, solid red bull out of an 1800 lb, superb cow. Wheatland Red Teddy is a Simmental sire that is known for great calving ease and has been siring male and female progeny that are in high demand with sons consistently topping bull sales and daughters in many leading herds. These popular genetics crossed with a half Fleckvieh, liver red, second generation red cow offer up the opportunity for some excellent outcross genetics. Teddy's offspring are great coloured, spry calves, often with low birthweights. There are some excellent bulls on offering here!

MFI Petra 30J

This guy was one of the best bulls we have ever bred. Murphy's law – we lost him after only one breeding season. He covered 56 cows at 20 months of age and did a great job with them. His dam is a phenomenal cow and at 14 years old is still on the farm and consistently produces great bulls and females. His half brother is our Driver 287Y herd bull. Full Load was the complete package. Lots of muscle and growth, huge testicles, excellent feet and lots of hair. He definitely stamps power and thickness into his calves.

SWANTEWITT FULL LOAD 293Z

LOT# 26 SWANTEWITT KING KONG 14C

Swantewitt Salo 278S

D: JSJ12Z

Our biggest bull in the pen at weaning time, King Kong is a family favorite. The girls showed this guy during the summer and the natural growth he has is astounding! The dam is a liver red, goggle eyed, moderate framed cow who weaned King Kong off almost at the same size as her. Excellent pigmentation on both sides of the pedigree. King Kong is a real stand out in the bull pen. We reserve the right to draw semen on this bull at our cost and the buyer's convenience for in-herd use only.

LOT #27 SWANTEWITT CARTRIDGE 86C

Barcelona was one of the high selling bulls out of Virginia Ranches Champs Romano sons that sold in 2011. He's the natural calf out of their flush cow Barbie 46K, and we share him with Wolfe Farms out of Valleyview. We used him our first year on mature cows and were highly impressed with his easy calving and low birthweights. Two years ago we used him as our fullblood heifer bull and had great success, using him again on heifers this year! He has nice large testicles, great colour and a superb disposition, something we select for in our cattle.

It's always a good sign when you buy a bull and just love everything about him. NAC Trustin has been that bull for us. He's super thick, super furry, easy going to be around and an all-around great package. We've been extremely impressed with his offspring from his first calf crop and really love the daughters he has given us. Coffee is from a great line of larger framed good looking cattle and has really got it all.

We had a really even bunch of Antonius daughters come through this year and we kept a number of daughters for use in our own herd and decided we liked them so much we would part with a four through our sale. Carol is a chance at some really neat polled fleckvieh genetics. Phenomenal pigmentation in the dam's line coming out of South Seven Prodigy and Anchor D Sting, and loads of relates in our own herd.

Our only Full Load daughter on offering it was hard to part with this girl. Due to a bad bout of pneumonia we will only get this one calf crop off of Full Load and we loved his offspring so much that we wanted to keep everything out of him. You can easily pick his daughters out of the herd because of their phenomenal growth. Paired here with an easy fleshing, thick, broody cow line Cynthia is sure going to go out and impress.

Terms & Conditions

Funds at par immediately following the sale. The right of ownership shall not pass until after settlement is made. All settlements must be made before any livestock will be released.

ABSENTEE BIDS: Mailed or telephone bids shall be handled in the most confidential manner, if you are unable to attend the sale in person.

PURCHASERS RISK: Each animal becomes the risk of the purchaser as soon as it is declared sold.

ANNOUNCEMENTS: Any announcement made from the auction block takes precedence over the printed matter in our catalogue

Certificates: of registry and transfer on each bull shall be provided by the seller to the buyer without charge after settlement has been made.

BREEDING GUARANTEE: The seller warrants clear title to and the right to sell each bull offered for sale. All bulls offered for sale are warranted to be sound, however, the seller is not responsible for damage caused by foreign objects after the bull has been sold nor sickness that was not apparent at the time of sale. In the event of a dispute, the sellers are responsible only to the extent of the purchase price of the said

animal. We assume no liability, legal or otherwise, to make any further compensation to the buyers.

BREEDERS GUARANTEE: We the sellers have done everything possible to assure you, the buyer, that every bull in this sale will be a breeder. However, should a problem arise, please inform the seller so the problem can be solved. The purchaser shall have six months from the date the bull reaches fourteen months of age to report in writing to the seller that the bull is a non-breeder, providing of course, that the bull has been maintained in satisfactory breeding condition.

Each consignor will have six months to prove the bull a breeder after the time of report. In the event a bull is a non-breeder the situation will be handled by either a replacement, credit or money back. In no case will an adjustment be made for more than the purchase price of that particular bull. No guarantee is given that semen collected from any bull in this sale will freeze or be suitable for artificial insemination. Any breeding guarantee is strictly between buyer and seller.

ACCIDENTS: Although every precaution will be taken to protect the

safety and comfort of buyers, neither sales management, auctioneer, or consignors assume any responsibility in this matter and disclaims any liability, legal, or otherwise, in the event of accident or loss of property.

DELIVERY OPTIONS:

Option A: \$50.00 off per lot if picked up upon sale day.

Option B: Bulls will be delivered free of charge within 200km of Mayerthorpe, as soon as possible after the sale, at the sellers convenience - Over 200km will be arranged at cost.

Option C: Bulls will be kept at the sellers farm at no charge until April 1. A charge of \$3.00 per day will apply after that. Bulls must be picked up by the purchaser, and all bulls returning to sellers farms must be insured.

RIGHTS AND OBLIGATIONS: The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of livestock following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected there to are not covered by the terms and conditions of this sale.

Thank You To Our 2015 Buyers!
